

MAKE DALLAS THE REWARD

In Dallas, incentive travel comes with more ways to make the experience memorable. Pair standout hotels and Michelin-awarded dining with legendary sports, world-class arts and culture, premier shopping and experiences that are distinctly Dallas, with *just the right amount of swagger*.

SPORTS

Turn Dallas' legendary sports scene into an experience they couldn't have on their own. Think a private tour of AT&T Stadium, premium game-day hospitality or a suite for a Dallas Cowboys game. With the Mavericks, Stars, Rangers and FC Dallas rounding out the lineup, there are plenty of ways to give groups VIP access to one of America's great sports cities.

DINING

Make dinner an experience in itself. Host a private evening at a Michelin-recognized restaurant, plan a chef-driven tasting or give guests a taste of Dallas through the city's signature flavors. From elevated private dining to signature Texas cuisine, including barbecue, Tex-Mex and a toast to the birthplace of the frozen margarita machine, Dallas brings plenty to the table.

ENTERTAINMENT

Create an experience that could only happen in Dallas. Give the group a private two-step lesson, plan an evening of live music or bring everyone together for cocktails with a skyline view. From elevated nights out to unmistakably Texas experiences, Dallas gives groups plenty of ways to end the day on a high note.

ARTS + CULTURE

Experience Dallas arts and culture with a more personal point of view. Plan a private or curator-led museum tour, arrange a reception surrounded by art or pair an evening performance with a VIP group experience. The Dallas Arts District, the nation's largest contiguous urban arts district, brings museums, performing arts and striking venues together in the heart of the city.

SHOPPING

Turn an afternoon of shopping into a personalized experience. Arrange personal shopping or styling experiences, explore luxury brands at Highland Park Village and NorthPark Center or discover independent boutiques and one-of-a-kind finds in neighborhoods like Bishop Arts District. Whether guests are looking for designer labels or something distinctly Dallas, there's plenty worth bringing home.

MAKE IT YOURS

The best incentive trips leave room for choice. Build a program that lets guests experience Dallas their way, whether that means a morning at the spa, an afternoon of shopping, a private cultural experience or something with a little more adrenaline. With plenty of ways to mix individual experiences with standout group moments, every guest can make the trip their own.

LET VISIT DALLAS HELP

From finding the right hotel to identifying memorable group experiences, Visit Dallas can help bring your incentive program together. Our team can connect you with hotels and local partners, share destination expertise and help identify experiences that fit your group and goals.
