

Order to perfection No matter your palate

Welcome to the future of event dining with Encore Canada's Digital Smart Menu.

This innovative wayfinding solution empowers your guests to quickly and easily find meals that suit their dietary needs, without the hassle of sifting through lengthy ingredient lists.

By offering a personalized dining experience, you'll not only delight your guests but also demonstrate your commitment to **sustainability, inclusivity, and efficiency**.

Simplicity, Served

- › Update your menu on the fly
- › Manage inventory and minimize food waste
- › Can be accessed from digital signage, touch-screen kiosks, or custom surfaces
- › DEI initiative

Smart Choices

- › Access Smart Menu through QR codes around your event
- › Reduce waste and save on physical menu printing costs
- › Allow guests to confidently select meals that meet their unique needs

Guests can filter options based on:

- Ingredients
- Allergies
- Dietary restrictions
