Understanding Your Presenters' Needs: IMPORTANT SUPPORT ITEMS

Ensuring presenters are comfortable and equipped with the right tools can significantly enhance the overall event experience.

SLIDE ADVANCERS

Wireless slide advancers come in various configurations, letting presenters control slides freely and confidently without being tethered to the laptop.

WIRELESS MIC KIT

Give your presenters the ability to walk and talk freely on stage with a wireless lapel mic or wireless handheld mic. Wireless hand held mics are also great for Q&A sessions.

CONFIDENCE MONITORS

Presenters can see their slides/notes on dedicated monitors, eliminating the need to hover near a laptop or turn back to check the main screens.

STAGE MONITOR

Sound systems can be placed on or near a stage so so that presenters are able to hear themselves or questions from the audience without distraction.

PRESENTER TIMERS

Timers help presenters stay within their time limits using green, yellow and red lights along with countdown or count-up displays.

FLIPCHART w/MARKERS

A simple yet effective tool for taking notes, drawing pictures or parking questions for later in the meeting.

PRESENTER POWER

Dedicated power run to a podium or head table will make sure the presenters' laptop and personal devices are charged for a full day of meetings.
