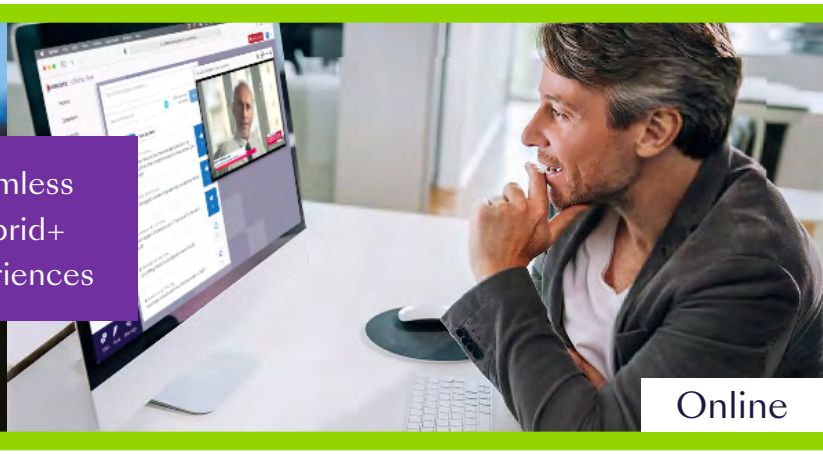
encore℠ | chime live℠

Seamless Hybrid+ Experiences



Transform your next event with the Chime Live platform, built to drive engagement whether your attendees are joining onsite, online or in combination. Our full-service solution starts with understanding your event goals and stakeholder needs. Then we customize Chime Live to tell your story, highlight what's important and drive engagement to deliver the outcomes you need – before, during and after your event.

Chime Live Highlights

Choreographed Event

Focus attendees on what they need to see or do in the platform. Push slides and pop-up interactive polls, Q&A and more – right on cue.

In-Person & Remote

Give in-room participants a second screen experience and make remote attendees feel like part of the show.

Personalized Journeys

Create segmented or integrated experiences, including the ability to push remote participants to the right sessions.

Additional Benefits

Keep your virtual attendees, exhibitors, and sponsors connected and engaged.

- **Flexible** – Enhance in-person meetings and virtual, hybrid, multi-venue and hub/spoke productions.
- **Self-Registration** – Make it easier for attendees to register, gain quick access and start engaging.
- **Set the Stage** – Enhance your platform with branding, design, and virtual lobby options.
- **Connect** – Start conversations about shared interests with virtual networking, breakouts and social media.
- **Inform** – Provide supplemental content and resources (e.g., venue/location information, pre-event reading, post-event knowledge checks and more).
- **Monetize** – Extend the experience and augment event ROI with sponsor and exhibit areas.
