

Understanding Audio: MICROPHONES

Choosing the right microphone for your event can be overwhelming. Let us guide you in choosing the best solution to match your event objectives, speaker needs, and room layout.

PODIUM MIC

A wired gooseneck style mic that is fixed at the podium.

GOOSENECK PANEL MIC

A wired gooseneck style table top mic. Works well for panel discussions.

WIRELESS PRESENTER MICS

A small lav microphone attached to the presenter's clothing or a headset mic, allowing freedom of movement.

WIRELESS HAND HELD MIC

A wireless mic that can be held independently or clipped onto a mic stand. Great for Q&A.

DISCUSSION MIC SYSTEM

A Self Contained Push to Talk Mic System that aid in eliminating the Cross-talk, allowing for better focus and collaboration

CATCH BOX MIC

A soft throwable mic designed to add a fun element to Q&A sessions. Can also be customized with branding.
