

Zero to live registration –in minutes

Event registration and check-in

Encore RSVPSM is a game-changer for event registration. Our easy-to-use online tool empowers you to create a branded registration site that fits your vision — no coding required. Manage guest lists, export valuable data and integrate check-in seamlessly. Have questions during setup? Our ‘how-to’ videos and experts can guide you every step of the way.

Explore the benefits

Lightning-fast setup

Our intuitive interface ensures even self-proclaimed “tech novices” can effortlessly design and launch a branded registration site in minutes. No coding skills required.

Registration your way

The all-in-one webpage builder, registration form creator, list manager, emailer and check-in tool makes it easy to customize your content, engage attendees and get them signed up for your event in no time.

Seamless check-In

Enjoy a smooth check-in process that streamlines on-site experiences for attendees & VIPs, reducing wait times and enhancing overall satisfaction.

Response dashboards

View the dashboard to instantly see attendance data. You can also search, filter and export all valuable registration data for reporting.
