ORIGENCE CUDL®

Integrations that move deals forward.

Smart connections. Faster deals.

CUDL's deep network of integrations simplify the lending process by connecting seamlessly with the systems dealers use every day. From DMS to CRM and beyond, the CUDL platform is built for compatibility, speed, and security—helping dealers stay ahead in a fast-moving market.

Secure DMS and CRM integration for real-time data transfers

Reduce errors and eliminate duplicate entries

Get information to your lender faster for quick responses and funding

Provide a seamless application process with application integrations
