

Unlock the power of your data and create smart, automated marketing campaigns with arc MX.

Keep members engaged with multi-channel marketing via email, text, and direct mail.

Use marketing automation to build stronger member relationships with a single platform. Leverage powerful data analytics to segment your outreach across product lines in real time. Enjoy better campaign performance, decreased call volume, more effective cross-selling, high close rates, and happier members with arc MX.

Lead with your data

Introduce new members to your products and services with a pre-built 12-week automated onboarding plan—or easily create your own.

Monitor performance

Access a configurable reporting engine with over 50 pre-built reports to be used across multiple departments.

Amplify your message

Multi-channel communication capabilities deliver your message across email, text messaging, and print.

Automate campaigns

Incorporate event-based marketing into your tactics for increased response rates and cross-sell.
