## Middle School: From Pirates to the Present in Panama

IMMERSIVE MIDDLE SCHOOL TOURS

Panama is home to diverse fauna, lush flora, and one of the most impactful engineering feats in the world: the Panama Canal.

On this tour to one of the most diverse countries in the world, have lunch with Indigenous people, snorkel along the country's Caribbean coast, and explore bustling Panama City. You'll also discover how, long before the canal was built, Panama's central location attracted pirates like Sir Francis Drake and Henry Morgan.

**Day 1: Fly to Panama**

Meet your Tour Director at the airport in Panama City, then check into your hotel.

**Day 2: Panama City**

Visit the Panamá Viejo ruins, remnants of the first Spanish city founded on the Pacific Coast of the Americas. The city was destroyed by pirates in 1671. Take a walking tour of Panama City's colorful historic quarter and UNESCO World Heritage Site, Casco Viejo. Admire the residence of Panama's president before browsing an arts and crafts market. Explore the Biomuseo, a Frank Gehry-designed building. Exhibits here delve into the area's unique biodiversity, caused by tectonic plate movement that pushed Central and South America together. Then split into smaller groups to explore the Amador Causeway and enjoy the Panama City skyline.

**Day 3: Panama City | El Valle de Antón**

Journey west along the Pan-American Highway, the world's longest drivable road. Explore nature trails in El Valle de Antón, and in the evening, immerse yourself in local culture with a folklore dance show.

**Day 4: Panama City | Gatun Lake**

Keep an eye out for toucans, sloths, and other exotic animals as you hike one of the lush parks that surround Panama City. Enjoy a boat ride on Gatun Lake, the glistening, man-made heart of the Panama Canal, and around Monkey Island, home to a variety of monkey species.

**Day 5: Panama City**

Visit a pineapple farm, where you'll go on a tour with the farmers and sample pineapple snacks. Then participate in a cultural exchange for a look into the day-to-day lives of local students. End the day at the famed Panama Canal, one of the most influential engineering projects ever undertaken and a seventh wonder of the modern world.

**Day 6: Panama City**

In Río Chagres National Park, enjoy a canoe ride on the Río Chagres, the primary source of water for the Panama Canal. Immerse yourself in the culture and customs of the native people during your visit to an Emberá Indigenous Village on the banks of Lake Alajuela.
