## ON BROADWAY

*The Broadway theaters we go to are historical. This isn't your local performing arts center or even your metropolitan performing arts center with thousands of seats. These theaters date from a hundred years ago. The seats are smaller, because the people were smaller back then. Even the stages are tiny. When you're there, you see the world's most talented performers doing a kind of theater that's native to America. It's not like opera and it's not like a regular play—it's a sort of hybrid, and it has a style all its own.*

## THEATER DISTRICT

*This famous neighborhood is a must-visit for any traveler—and of course, takes on an even more special meaning for theater lovers. During your group's guided tour, you'll learn the history behind some of the district's 41 theaters, and discover how the theater scene played an important part in the development of Midtown Manhattan.*

## LINCOLN CENTER

*Home to the New York City Ballet, the New York Philharmonic, The Metropolitan Opera, and more, Lincoln Center is a hub for performing arts in New York City—and, really, the world. The complex, which spans 16.3 acres and includes 30 indoor and outdoor performance spaces, is located on Manhattan's Upper West Side. Your group's tour will cover everything from Lincoln Center's history (it was developed as part of an urban renewal program in the 1950s and 1960s) to an insider's view of the iconic organizations that currently call it home.*
