YOUR PARTNER FOR SEATING SOLUTIONS

MULTIPLE SOLUTIONS FOR MULTI-USE SPACES

Hussey Seating Company's high school, college and university lecture hall, auditorium and performing arts seating always makes the grade in educational environments. These seats were made to withstand the daily use of students of all ages all while having a whisper quiet return to the stored position. Whether you are building a new lecture hall or retrofitting an existing lecture hall, your local Hussey Seating expert can help you study all your lecture hall seating options and choose lecture hall chairs that always ace the test.

TELESCOPIC PLATFORMS

MAXAM™

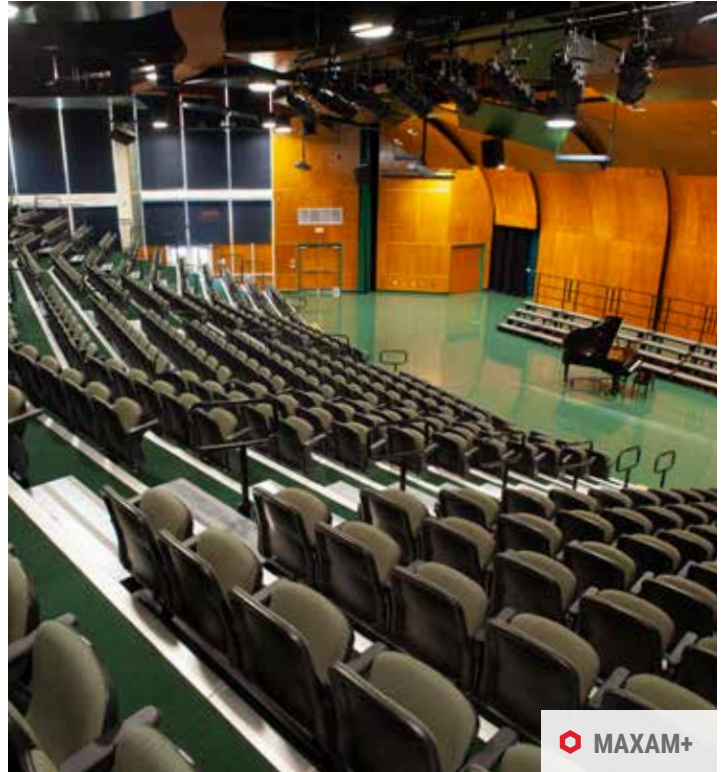

MAXAM telescopic seating is always ready for the next play, all of our portable and retractable, telescopic gym bleachers with Flex-Row™ can be configured in an variety of ways to accommodate everyone's seating needs.

MAXAM+™

MAXAM+ Telescopic Platforms are expertly engineered to meet the seating needs of a wide variety of applications and venues, from school auditoriums to small and mid-size sports and entertainment arenas.

SEATWAY TP

Whether the requirement is for retractable seating that creates the multi-purpose use of space, or for a fixed lecture style arrangement, the flexibility and ease of operation of our products will enable you to maximise the use of your facility. The innovative spaceframe concept behind the TP retractable system features a fully welded platform structure rather than a set of bolted together components. The product has become the international acknowledged method for producing high-performance retractable seating systems.

TELESCOPIC SEATING OPTIONS

A New Dimension of Comfort

With Hussey Seating's diverse range of seating options, spanning from our Courtside modular gym seat to the Quattro collection, the dream of comfortable bleachers has become a tangible reality. Every seating selection we offer prioritizes ergonomic design principles, guaranteeing optimal comfort – a welcome revelation for your fans.

ART

Refined aesthetics, natural materials, luxe fabrics and design that push your venue into the exceptional category. The Quattro Art delivers just this fit, finish, and appeal. Plus, we've made this distinguished look accessible and affordable for any place people gather.

MODERN

From top to bottom, every aspect of the Quattro Modern has been designed to balance form and function in beautiful new ways. While you may opt for available end panels, Quattro Modern stanchions are designed to be so captivating, they can stand all on their own.

TRADITIONAL

A perfect blend of old and new, the Traditional stanchion and end panel, providing an elegant solution for those who prefer a more classic look. It's also a perfect solution when retrofitting to match an existing décor.

PERFORMANCE

Discover seating as versatile as it is durable, attractive and safe. This affordable seating is designed for performance with an eye for style. Performance seats are interchangeable with other Quattro products, making it easy to upgrade or mix and match.

PORTABLE SEATING

NOSTALGIA

The Nostalgia end standard option provides design lines of the golden live performance era. The decorative cast steel end standard can be customized with a logo or design to meet your architectural requirements. The scrolled wood armrest provides a fine finish detail.

STACKING QUATTRO

Our Stacking Quattro combines the convenience and flexibility of traditional portable stacking chairs with the style and comfort you expect in an upholstered auditorium chair. The Stacking Quattro maintains your room's aesthetic while providing the ability to accommodate ever-changing demand for ADA and companion seating.

With the standard colors shown here (above), plus our optional colors (custom colors and Pantone® matching available at an additional cost), your seating can be nearly any color you can dream up.

Please note that the numbers associated with our polymer products represent the closest matching Pantone® Solid Coated number. Production polymer colors can vary significantly from digital or printed samples, and polymer surface textures vary by product.

Wood accents are available in four standard species (Grasswood, Birch, Red Oak and Maple), finished in six standard colors. Select wood species (Ash and Cherry) and/or custom stain colors are available at additional cost.

All wood has natural variations in grain and color, and inherent characteristics such as mineral streaks, pitch pockets, tiger striping and insect markings which are not considered defects. Due to wood grain differences and staining in continuous color, tones may vary. Printed or digital representations are meant to illustrate a range only and may differ significantly from actual colors.

PHYSICAL SAMPLES

We strongly recommend that before approving final finishes, armrests, fabrics, wood, laminate, decking, and more customers refer to production sample chips. Available from a Hussey Dealer or go to:

www.husseyseating.com/surface-material

For Fabric Cards, please contact the appropriate fabric supplier. Mills occasionally discontinue fabrics, so check with them before making your final choice.
