YOUR PARTNER FOR SEATING SOLUTIONS

---

# *SEATING WORTHY OF A STANDING OVATION*

**Designed and engineered to meet a wide variety of applications and venues, from school auditoriums to sports and entertainment arenas, Hussey Seating Company is ready to perform in the most demanding audience environments.** Maximize the potential of your space and revenue with seating solutions from Hussey. From fixed audience seating to portable chairs we have the seating solutions you need for your amphitheater.

When you need seating that works hard and withstands demanding audience environments, you need Hussey Seating Company seating solutions. When you go with Hussey Seating seating solutions, you're getting the most reliable, durable and comfortable seats in the game, and each one is backed by the seating industry's best warranty.

# FIXED SEATING

## QUATTRO EXTREME

Solid cast aluminum stanchions won't rust, even if the finish is nicked. Each component is finished individually before assembly, which ensures full encapsulation for maximum protection against the elements. Stainless steel hardware is corrosion-resistant. Exterior-grade plastic and marine-grade Naugahyde resists UV light and mildew.

## FUSION W/ EXTREME SEAT

Add cushioned comfort with a fully upholstered Quattro Extreme™ seat while maintaining the rugged practicality of a blow-molded polymer back. Or combine with a padded back for even more comfort!

## FUSION PADDED / POLYMER

Sturdy solid cast aluminum stanchions are rust-proof and remain cool to the touch, even under the hot sun. Ductile cast iron hinge arms and threaded steel metal-to-metal fasteners add durability. For extra comfort and style, the seat features no exposed hardware, and the through bolts on the back are recessed. For greater flexibility, we offer a complete line of accessories and custom options.

## LEGEND PADDED / POLYMER

Legend™ features a durable, blow-molded slatted back with a durable polymer seat. Available with padded or upholstered seats. Includes detailed cast iron standards that can be customized for your facility with an integral cast logo. Choose from a wide range of standard or custom colors to complement your stadium and team colors.

# ADA OPTIONS & ACCESSORIES

Innovative options, accessories and special-needs features put Hussey in a league all our own. Hussey Seating gives you the flexibility to customize a solution for any venue – including innovative features to keep your facility compliant with all ADA, state and local regulations regarding special-needs access.

## Flip-up and Armless Chairs

We offer solutions for semi-ambulatory spectators who need to easily slip into a regular seat. The flip-up arm allows access into end-row chairs and can be easily flipped down for a full armrest once the patron is seated. Both types can be used for standard seating when maximum capacity is required.

## In-Fill Decks

To help you meet ADA code, the top two rows of chairs below the cross-aisle or concourse are removable, and can be in-filled with an aluminum platform at the same elevation as the cross-aisle. Wheelchair patrons can wheel across the concourse and directly onto the platform. When not needed, this flexible option allows you to recover the two rows of fixed chairs, maximizing your facility's revenue potential.

## Skid-Mounted and Companion Chairs

Seats are mounted on skids for standard seating, and the entire assembly can be unbolted and removed at a moment's notice to accommodate wheelchair patrons. Adjacent chairs remain available for companion seating. Sections are available in 2-chair (approximately 46"/1168 mm) or 3-chair (approximately 66"/1676 mm) widths to fit one or two wheelchairs.

## Roll-A-Way

This feature is made from floor mount stanchions attached to a steel base with tubular supports. Four swivel casters are mounted on hinged plates to either fold underneath for easy mobility or fold out of the way when secured to the floor. Available in 2-chair (approx. 46"/1168 mm) or 3-chair (approx. 66"/1676 mm) widths to accommodate one or two wheelchairs. Adjacent companion chairs can be permanently installed.

## Redirected Seating

Seats can be angled 12 degrees towards home plate, reducing neck strain. (Legend standards only).

## Expansion Joints

Various plates are available for different attachment methods to accommodate expansion joints in the seating bowl.

## Cup Holders

Cup holders can be attached to chairs for spill-proof convenience. Multiple styles and configurations are available, including back-attached (bolt-on or clamp-on), wall-attached and rail-attached.

# OPTIONS & ACCESSORIES

## BRANDING

### Branding

Your team or facility's logo can be integrated into each chair's cast iron end stanchion. Vinyl appliques can be added to color the logo.

## CHAIR ID

Back

Seat

Stanchion

### Interchangeable Parts

Our Legend and Fusion seats, backs and stanchions are built to be interchangeable. Create your very own chair with the parts you want. Above: Legend back with Fusion seat and stanchions.

### Padded Upholstered Seats

A wrapped padded seat for ultimate comfort and style. Use matching polymer and vinyl for a monotone look or two-tone with color to make your chair really pop.

When you specify Hussey, you get great seating and an unbeatable range of features, including our extensive paint and polymer options for our Fusion and Legend series. With 15 Standard Colors (shown here) plus our optional colors (Custom Colors and Pantone® matching capacity - all for additional cost), your seating can be nearly any color you can dream up.

Production polymer and paint colors can vary widely from digital

and printed samples. Polymer surface textures vary by product. For all final decisions and approvals, please refer to production sample chips available from your Hussey Dealer. All color numbers listed here are approximate Pantone® equivalents. Please refer to production sample chips for true color reference and approvals.

## PHYSICAL SAMPLES

We strongly recommend that before approving final finishes, armrests, fabrics, wood, laminate, decking, and more customers refer to production sample chips. Available from a Hussey Dealer or go to:

[www.husseyseating.com/surface-material](http://www.husseyseating.com/surface-material)

For Fabric Cards, please contact the appropriate fabric supplier. Mills occasionally discontinue fabrics, so check with them before making your final choice.
