## DALI PHANTOM AMP.

## How to update firmware 1.8.1

Go to <u>www.dali-speakers.com</u>

Go to CUSTOM INSTALL -> PHANTOM AMP

Download Firmware 1.8.1 from the "Downloads" section of your chosen DALI PHANTOM AMP.

Un-Zip the downloaded file to a preferred location on your local computer.

Open the DALI AMP CONFIGURATOR interface in your browser.

Go to "Settings" -> "Device
