

## **PORTFOLIO**

THE COMPREHENSIVE PORTFOLIO YOU NEED  
SURGICAL INSTRUMENTS AND DEVICES YOU TRUST

Every day, surgical teams meet patients when they're most vulnerable and are tasked with changing their lives. The responsibility of improving patients' health is in their capable hands. But who provides the high-quality and trusted tools that are at their fingertips? Who provides the surgical service line with innovative solutions to improve their operational efficiency, cost and quality?

The Symmetry Surgical Portfolio dates back to 1838 when Thomas Codman founded a surgical instrument business. It has evolved to one of the largest German-crafted surgical instrument and innovative surgical device portfolios in the healthcare industry and extends to every specialty and site of care with the brands surgeons trust most.

Wherever surgeries are performed, surgical teams know Symmetry Surgical's instruments and devices will allow them to operate with the highest efficiency and safety.

They feel they are using tools that function as an extension of themselves.

*With Symmetry Surgical, they are Elevating Surgery for Life.*
