

## Instructions for use

### Patient Care Boot Liner 712300

Previously Beatty® reorder # 120201

#### Intended Use:

Intended to support and maintain the position of an anesthetized patient during surgery.

#### Intended User:

Intended to be used by Healthcare Professionals on patients requiring medical procedures.

#### Precautions:

- For use with Allen® Traction Boot A – 93005 and A – 93000 and Steris® Traction Boote.
- Ensure liner is securely fastened around foot before placing in the positioning device.
- Avoid redundant material that may wrinkle or cause excess pressure.
- This device is single use only.
- Do not sterilize.

#### Disposal:

Dispose or recycle general surgical devices per facility protocol and all applicable federal, state, regional, and/or local laws and regulations.

#### Instructions for Use:

1. Place patient's foot in liner.
2. Secure foot in positioning device ensuring that there is not excess wrinkling.
3. Secure boot to table.
4. Discard after use.
