

Legal Consultation Services

Finding appropriate legal services is easy with BHS. When you call BHS, a Care Coordinator will conduct a needs assessment to determine how we can best support your legal needs and provide you with an overview of the legal services and resources available.

What to Expect

Following your initial assessment the Care Coordinator will connect you with a legal representative that will more fully explore the legal aspects of your issue and provide an attorney referral if needed, that has availability within three to five business days, to provide a telephonic or face-to-face consultation for up to 30 minutes. Once you have completed your 30-minute consultation you will be offered a 25 percent discount off the attorney's hourly rates for ongoing services regarding the same issue. Your BHS Care Coordinator will provide on-going support and offer additional assistance, if needed, until your issue is resolved.

Note: BHS does not consult on work-related legal issues.

BHS offers a wide variety of legal resources and services, including:

- The right attorney with expertise specific to your legal matter
- Access to a national network of attorneys with exceptional experience that are matched to meet your needs
- Concierge help navigating the legal world
