CARNIVAL LIFESTYLE COLLECTION

A fabulous mix of botanical and ethnic prints, zingy embroideries and superb cut velvets, 'Carnival' can provide either hot and vibrant or cool, contemporary interiors.

Five beautiful prints include a stunning pictorial encapsulating the tropical vibes of Latin America as well as an appealing ikat motif and small scale geometrics.

Punchy embroideries include a lively patchwork composed of bright geometric patterns, a superb large scale fantasy floral, a very pretty ikat and a wonderful design full of bold splashes of colour.

Seven superb velvets in glorious brights and tranquil neutrals, range from a stylish broken flame stitch, to an extremely versatile stripe and perfectly scaled spots.

Four smart trimmings are a terrific addition, making this informal and accessible collection ideal for spirited modern living.
