

BUNNY WILLIAMS

HERFORDA SINCE 1823

For her first fabric collection with Lee Jofa, renowned tastemaker Bunny Williams shares her modern vision and appreciation for gracious Southern living through beautifully rendered prints and weaves. Comprised of designs that resonate with Williams' classic yet unpredictable sense of style, the collection offers cohesive patterns in soft harmonizing color palettes. Williams draws inspiration from her personal collection of treasured textiles to create styles with endless possibilities.

"I thought of this collection in the same way I think about putting together a scheme for a room. I like to mix traditional prints with modern designs to keep a room fresh and timeless. I love unexpected combinations."
