LETOFA SINCE 1823

AERIN

The highly-anticipated follow-up fabric collection from AERIN is blooming with sophisticated, feminine appeal and bohemian charm. Classic Asian prints; vibrant floral and paisley embroideries; a classic brocatelle; ethnic inspired jacquards and versatile textures all combine eclectically with a singular sense of ease and refinement. This collection also marks the introduction of Aerin's inaugural wallpaper patterns: a striking leopard design and a magnificent scenic mural created from an 18th Century design. Lee Jofa's AERIN 2 collection is reflective of the chic yet understated style evident in Aerin's own life and homes.
