

The image features a variety of decorative items. In the foreground, a large rectangular pillow with a teal and blue paisley pattern on a cream background is prominent. Behind it, a smaller pillow with a teal and blue chevron pattern is visible. To the left, a cylindrical object, possibly a rug roll or a large cushion, displays a teal and blue grid pattern. The background shows more pillows, including one with a teal and blue floral pattern. The overall color palette is dominated by teal, blue, and cream.

MARY FISHER™

groundworks
AT LEE JOFA

Drawing inspiration from her talent as a visual artist and her activism on behalf of those infected with HIV/AIDS, Mary Fisher has created an exceptional collection for Groundworks. Her deep relationship with nature, which infuses her texturally stunning artwork, has been translated into textiles and trimmings that evoke the beauty of life both visually and spiritually.

Ms. Fisher's collection is layered with a variety of organic motifs and intricate artisanal techniques reflecting her mixed media art. Rendered in misty blues and aquas, nuanced mineral shades, sandy neutrals and shimmering metallics, Fisher's watercolor paintings, hand printed and painted textile collages, and quilted artworks come to life through her exclusive collection of printed, woven and embroidered fabrics and trimmings. The sophisticated, subdued color palettes and striking patterns deliver a truly expressive collection rich in texture and profound in emotion.

Lee Jofa will donate a portion of the proceeds from the Groundworks Mary Fisher Collection to DIFFA, Design Industry Foundation Fighting AIDS
