DEAR MEMBERS

Dear Members,

A new year offers many opportunities to connect with elected officials in Congress and in state capitals about the important issues facing Halliburton and the oil and gas industry. No one could have predicted the momentous challenges we faced in 2020 with the pandemic, a market downturn, and a contentious election, but we pulled together to share our message with long-time allies and potential future officeholders who competed for open seats. With mostly virtual outreach, we educated the new Congress on issues that affect our bottom line. As our industry evolves and adjusts to changing markets and the development of game-changing technologies, relationships with the legislators who govern the way we work are critical to keeping our business competitive in today's global economy.

In 2020, HALPAC supported 78 candidates with contributions totaling nearly \$264,780. We plan to have another active year in 2021 and look to you, our members, to help us grow the PAC and shape public policy for years to come.

Halliburton employees play an integral part in the education and outreach efforts with our lawmakers. You can make a difference by staying informed on public policy issues, voicing your opinion with elected officials, and contributing to HALPAC. The extent to which we can be successful in shaping public policy depends on our ability to build coalitions of lawmakers who support our vision. We sincerely appreciate your support and your contributions to the PAC.

Sincerely,

Todd Ennenga,
Director of Government Affairs

HALPAC CHARITABLE MATCH PROGRAM

Halliburton values the contributions of its employees, not only to HALPAC but also to the communities where we live and work. To help our employees make the most of their contributions, Halliburton offers PAC-MATCH, a matching gift program. For every \$100 or more that you contribute to HALPAC, Halliburton will match that amount, dollar for dollar, and donate it in your name to a nonprofit organization of your choice. Over the last several years, as the generosity of our employees has grown through HALPAC, so has our charitable giving. Our charitable contributions extend to hundreds of organizations including churches, schools and research centers all aimed at improving the lives of those less fortunate.

CANDIDATE SUPPORT CRITERIA

HALPAC is an important element of HALPAC's ability to build positive relationships and educate elected officials about the issues that affect our company and industry.

Each year, Congress, state legislatures and other elected officials focus on issues that directly impact our company and our ability to do business. As we strive to meet our business goals, our efforts to communicate with and support candidates who share similar values and advocate for policies that will benefit business and our industry, are critical.

HALPAC carefully reviews contribution requests from state and federal government relations staff and suggestions from PAC members. A number of factors are considered when deciding which candidates will receive HALPAC contributions.

THESE CRITERIA ARE:

-  High Halliburton constituent relationship in state or district (TX, LA, OK, CO, WY, etc.)
-  Leadership/Committee Chairs
-  Pro-Business Candidates (based upon voting records)
-  Open seats, where pro-business candidate has a chance to win
-  Races where pro-business incumbent is significantly challenged
-  Candidates who vote with us on our primary issues of concern (Energy, Trade, Tax, Environmental, Labor/Workplace/Human Resource)
