EXPERIENCE

NATE + JEREMIAH

FOR LIVING SPACES

Celebrated interior designers, Nate Berkus and Jeremiah Brent, bring you an elevated, exclusive collection for Living Spaces. Inspired by their travels and the things they have collected along the way. Each piece was designed to be mixed with what you already have and love, to help you create rooms that have the power to tell your story.

Inspired: **LIV SOFA**

The sofa Nate and Jeremiah always imagined in their own home - but couldn't find at a reasonable price - this piece is their tribute to French interior designer and decorator, Jean-Michel Frank. His signature look of understated luxury is reflected in their use of Shearling inspired upholstery and a channeled back design.

Nate and Jeremiah's free-spirit **SOANE SECTIONAL** captures the wild and whimsical style of the 1960s. They love the bold color - a risk they'll admit, but one definitely worth taking. With its tight back and curved shape, this piece could work in both a modern or traditional space.

For easy additional seating, Nate and Jeremiah designed the pill-shaped **MOHAVE FOOTSTOOL/OTTOMAN**. Placed by your coffee table or tucked underneath a console, it's a stylish spot to land.

TEAGAN DINING
“We’ve been searching for a wood dining set for our cabin and found this beautiful set for a reasonable price. The table with extension is long enough to seat 10 comfortably. The quality is super, the table and chairs are solidly built and look like they will last for a long time. We love the style, it’s rustic with a touch of modern design.”

TALIN POWER RECLING SOFA W/ USB

"I work from home and don't enjoy being at a desk for hours on end. Being able to keep my phone and tablet plugged into the USB rather than my laptop is super handy. Also, when I want to take a break or am done for the day, I can kick back the recliner and relax. Very comfortable and looks amazing."
