"Opening our third location in my native state of Texas is a momentous occasion for the Living Spaces business," said Grover Geiselman, CEO and Founder of Living Spaces. "With notable attractions in the area – Lone Star Park, The Theatre at Grand Park, Epic Waters Indoor Waterpark, to name a few – Grand Prairie is a growing community for families to call home. We're excited to be a part of the community, and to serve as a resource for homeowners in the region."

Since making our debut in Texas in Fall 2018, we've been greeted with open arms and we're honored to bring our offerings of elevated furniture available at a low price point, and we're looking forward to giving the DFW Metroplex the same experience."

With the grand opening of their Grand Prairie store, Living Spaces is excited to expand their vision of providing quality, stylish furniture to the state of Texas and establish themselves as a premier home furnishings destination.
