Kravet Couture presents Artisan Velvets, a collection of luxury jacquard velvets in an assortment of modern styles. Small-scale patterns and sumptuous textures are the focus of this collection, created in the most special velvet qualities only woven at select mills around the world. Simple shapes are reinvented to create a classic yet striking look, offered in an array of warm and cool colors. Influenced by tilework, mosaics and sculptures, Artisan Velvets brings an artful touch while remaining exceptionally refined in aesthetic.
