kravetfurniture

Our contemporary offering is inspired by the **Bauhaus** movement, a true mixture of **Arts and Crafts** with **Modernism**. One of the fundamental tenets of modern design is to emphasize both form and function, while incorporating art into everyday living.

Crafted by master artisans using only the finest of materials, these sculptural frames and stand-out styles make a statement in any interior. In keeping with our *Levels of Luxury*, Kravet Design custom possibilities are endless.

**These are the details that matter.**
