THOM FILICIA

Thom Filicia's new collection for Kravet takes a fresh approach to design, creating fabrics and furniture for how we live today. The collection has a relaxed, yet refined point of view, inspired by a sense of light and optimism.

Filicia's collection includes timeless and classic silhouettes that exude a sense of modern sophistication while feeling effortlessly livable. Drawing from an architectural sensibility, the furniture frames are all about the details with shapely wood accents integrated with metals, textures and glass.

The fabric collection, ALTITUDE, features printed linens, geometric velvets and stylish embroideries, all in keeping with Filicia's signature aesthetic. A blend of classic forms with unique textures, patterns and colors create Filicia's distinct perspective: chic design that's both accessible and exceptional.
