## METAL REFLECTIONS

- 2 finial styles; available in 2 sizes
- 5 metal finishes
- 1" and 1 1/2" metal rod size; available in 3 lengths
- 1 1/2" traverse metal rod size; available in 3 lengths
- Coordinating rings and brackets
- Connectors available for plain and traverse metal rods
- In-Stock Collection

## FINISHES

The Metal Reflections collection is comprised of hand finished metals. Due to the nature of the metal finishes, slight variations may occur from piece to piece.

All photography is, at best, a representation of color. Actual finishes may vary slightly.

## RECOMMENDATIONS

Please consult a professional installer for the application of all drapery hardware products.

We recommend a minimum of three support brackets for every 8 feet of rod length. A connector rod must be used to join two metal rods together. Whenever two metal rods are connected, a bracket is required for additional support.

# FINIALS

Sold individually.

All finials listed are suitable for use with Metal Reflections 1 or 1 1/2" diameter metal rods.
