CERTIFIED
PERFORMANCE
CARPET

Lively families, pets, indoor performance, outdoor living and luxury go hand in hand. Our Sunbrella area rugs are loom woven of 100% high-performance, worry-free, solution-dyed acrylic yarns, giving them outstanding durability, fade-resistant color and softness. This collection can withstand whatever comes your way.

The designs range from traditionally inspired to contemporary, eye-catching, geometric and atmospheric patterns. Natural, heavenly colors connect them together and allow easy scheming from room to room. They have an extraordinary weave fineness to enable incredibly sharp design detail and lush carpet density. We love the subtle height surface that adds depth, plus the varying luster levels throughout each pattern.

MANUFACTURER'S WARRANTY

FIVE YEAR LIMITED WARRANTY PROTECTS AGAINST:

Sunbrella rugs becoming unserviceable due to fading from normal usage and exposure conditions: including sunlight, mildew and atmospheric chemicals.

WARRANTY DOES NOT COVER:

Damage caused by misuse or improper care and cleaning.

LIMITATIONS TO THE WARRANTY:

The manufacturer reserves the right to inspect the Sunbrella rug submitted for claim with all documentation and all shipping charges will be incurred by owner.

GUARANTEE:

A new, equivalent Sunbrella rug to replace the rug once it has been deemed unserviceable.

For performance issues and to begin this warranty process, please contact your carpet customer representative.

GENERAL INFORMATION

- For Indoor & Outdoor use providing excellent performance.
- Sunbrella® Acrylic Yarn is a man-made synthetic fiber. It is manufactured as a filament, then cut into short staple lengths similar to wool hairs, and spun into yarn.
- A liquid acrylic technique is used producing a rug with the sheen of silk and softness of mohair.
- 100% solution-dyed Sunbrella® yarn is worry free from color fading.
- It is all-weather proof.
- Durable in high-traffic areas for both family and pets.
- Easy to clean
- Sunbrella® Acrylic Yarn is fade, stain and mildew resistant.
- Lay area rug on flat surface and allow time to settle.
- Never fold, especially when wet as it can become very heavy.
- Variations in overall size and texture may occur.
- Slight color striations and shading are normal.
- Carpet is not guaranteed to match photographic representation.

CARE & MAINTENANCE

- Rug pad recommended for indoor spaces.
- To prolong the life of the rug, store rug away from inclement weather: avoiding heavy rain, snow and standing water.
- When storing, roll up keeping the front side out and place in a dry well ventilated area.
- Vacuum as needed using suction only, no bristles or beater bars.
- Do not machine wash.
- Not recommended for heated floors.
- Blot spills from the surface immediately and gently dab with a clean, damp cloth.
- Spot clean as needed using a damp (not wet) cloth with plain water. If the stain remains, (test a small area) use a mild detergent to blot the area or gently rub until the stain starts to lift. Rinse thoroughly with clean water and let air dry.
- For stubborn stain removal, use a one part white vinegar to two parts water solution.
- Using a soft nylon brush, clean both sides of the rug monthly with a solution of mild dish soap and water.
- Always dry in sunlight by hanging or laying out the rug, flipping it over to make sure both sides dry thoroughly.

ONE FAMILY. ONE PASSION. ONE RESOURCE.
