

How to Host Your Video Conference with Solstice

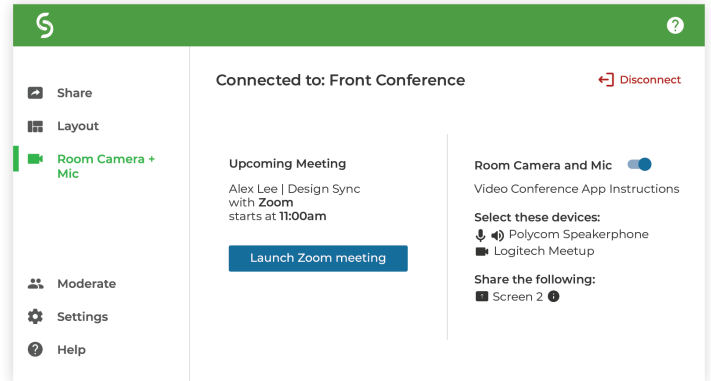

Before You Meet: Invite the Room or Add Your Microsoft 365 Calendar to the Solstice App

Check that the meeting appears on the Solstice room calendar or your integrated personal calendar. The meeting invitation should include the video conference link and information.

Start Your Video Conference with Solstice

1. Open the Mersive Solstice app and select a Solstice display to connect.
2. In the box to enter the 4-digit screen key, toggle on Connect to room camera and mic.
3. Go to the Room Camera + Mic tab (or type Ctrl+Alt+C) to see resources for your video conference.

Click Launch to start a video conference meeting scheduled on your integrated MS365 calendar or start your video conferencing application of choice.

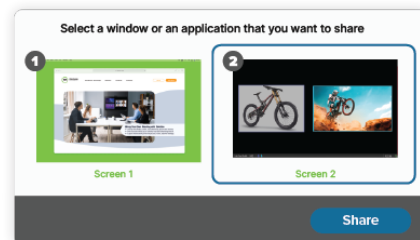

Select Your Audio and Video Sources

You can select room cameras, mics, and speakers connected to Solstice as the meeting's audio and video sources.

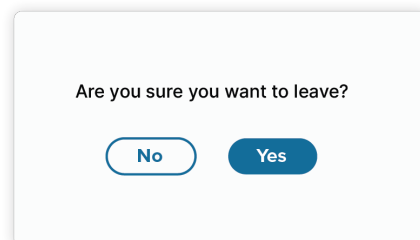

Share the Display with Remote Attendees

To share the Solstice display with remote attendees, select **Screen 2** from the sharing options within the video conferencing application.

Wrap Up Your Call

Once you are done hosting the conference, stop sharing the display, end the video call, and disconnect from Solstice.

Need the Mersive Solstice App?

Enter the IP address on the display into a web browser, then click **Get the App** to download. On a mobile device, download the free Mersive Solstice app from the app store.
